Dana Etgar Itzhaki

Ph.D. Candidate in Economics

The Eitan Berglas School of Economics, Tel Aviv University

etgaritzhki@mail.tau.ac.il | +972-54-5497080 | danaitzhaki.github.io

Research interests

Economics of Cybersecurity / Applied Microeconomics / Behavioral Algorithms / Digital Markets

Education

Ph.D. Candidate, Economics, Tel Aviv University 2022–Present

Dissertation submitted for evaluation; Ph.D. expected 2027
Advisor: Prof. Neil Gandal

Dissertation: "The Behavior of the Collective; A Theoretical and Practical Approach Using Big Data on Legal Hackers"

M.A. (Thesis Completed), Economics, Tel Aviv University 2020–2022

Advisor: Prof. Zvika Neeman

M.A., Economics, University of Haifa 2008–2010

B.A., Psychology and Economics, Tel Aviv University 2004–2007

Research visits

Visiting Ph.D. Student, School of Cyber Studies, University of Tulsa Aug.–Sep. 2025

Hosted by Prof. Tyler Moore

Working papers

How Do Cyber Attacks Impact Corporate Balance Sheets and Income Statements? An Empirical Study
with Teyyub Mutallimov and Tyler Moore
Job Market Paper

The Impact of Ransomware Attacks on Security Portfolios: Firm-Level Panel Data
with Abulfaz Hajizada, Noa Barnir, Tyler Moore, and Neil Gandal
CEPR Discussion Paper No. 21219 (2026) | SSRN: 6303062

Income Inequality in the Gig Economy: A Knowledge Economy Perspective with Empirical Evidence from Bugcrowd
SSRN: 5366210

Work in progress

Swarm Intelligence in Human Behavior: Evidence from Crowdsourced Security Markets

Researcher Quality and the Returns to Diversification in Bug Bounty Markets

Why Bayesian Persuasion Is Not a Game
with Itamar Bellaïche

Conferences

Workshop on the Economics of Information Security (WEIS), Berkeley — 2026

"How Do Cyber Attacks Impact Corporate Balance Sheets and Income Statements?"
"The Impact of Ransomware Attacks on Security Portfolios: Firm-Level Panel Data"

Workshop on the Economics of Information Security (WEIS), Tokyo — 2025

"Researcher Quality and the Returns to Diversification in Bug Bounty Markets"
Presented under the title "Knowledge Worker Strategy: Effort Dynamics in Cybersecurity Crowdsourcing."

Patent

Collective User Behavior Prediction
U.S. patent pending
Development of an algorithm that learns collective decision-making patterns and uses reinforcement learning to improve predictions of future behavior.

Awards

Dean's Excellence Award, Tel Aviv University — 2025, 2026

Merit-Based Ph.D. Scholarship, Tel Aviv University — 2022–Present

Teaching

Introductory Economics, Tel Aviv University — 2021–2025

Microeconomics C, Tel Aviv University — 2022–2024

Introductory Economics, Sapir College — 2013–2020

Introductory Economics, University of Haifa — 2009–2010

Industry

Pareto Group — Economist, Strategic Consulting — 2011–2012

Gilat Satcom — Junior Economist — 2008–2009

Additional

Programming: R, Stata, LaTeX **Languages:** Hebrew (native), English (fluent)

Citizenship: Israeli
